LB 265, 336, 174
LR 64, 65

SENATOR WARNER: Mr. President, this is a technical amendment in the sense that this is the bill that adjusted the interest rate that is required on these loans, the bill is going through is currently at 1%, the committee amendment changed it to 5% compounded but it needed the words "per annum" in addition and this merely adds "per annum", and by the way, Senator Vickers advanced the bill and I offered an amendment the other day on that will have to have the same technical adjustment to be correct. So it merely does that, it adds the words "per annum" so that the interest rate is accurately reflects what the committee recommended. It is meaningless without the words "per annum" in there in other words.

SPEAKER NICHOL: The question is the adoption of the Warner amendment. All those in favor signify by voting aye, opposed nay. Record, Mr. Clerk.
